SOLUTION EXPERT, AGILE PROJECT MANAGEMENT SCRUM MASTER

To: Hiring Manager

Expondo

I was thrilled to see the opportunity posted on LinkedIn on the role of Senior Software Engineer PHP. I believe my current role would make me the perfect candidate because of my interest and experience in **SaaS Platform** and managing a team.

From past 6 years I have been working on one of Enterprise platform as Delivery Manager and as well as **Agile project management Scrum Master**. I saw your sales ad on LinkedIn which attract me to look at your product detail and visit to your site.

## My Skills

1. PHP (Laravel, Zend, CakePHP framework)
2. Python (Flask Framework)
3. Node JS (NestJS framework)
4. React JS
5. REST API
6. CI/CD deployment on Azure
7. Leadership Quality
8. Scalability of the application
9. AWS (S3 bucket, EC2, ECS, EFS, Lambda, CloudWatch)
10. Azure (Project management and CI/CD Deployment)

I do have experience working on one of Saas Product (**ClientPoint**) and feature list.

I do have great experience in **Documentation Generation**, e Sign, Sales Proposal, **CPQ tool** and many **CRM integration** like Hub spot, Dynamics CRM, Salesforce, Sugar CRM, PipeDrive, ZohoCRM and many more. I feel confident that my solution expertise, knowledge of the Industry and great eye of detail, all of which should make me and ideal candidate for this opening.

I have attached my resume for your review and would welcome the chance to speak.

**Best Regards**
